EDL751 â€“ Creswell (2009) Chapter 7: Research Questions and Hypothesis. The use of â€˜Whyâ€™ should be avoided as it suggests that researcher has an agenda, or is basing research on cause and effect thinking. When further developing the question exploratory verbs need to be used, verbs like â€˜affectâ€™™, â€˜influenceâ€™™, â€˜impactâ€™™ â€˜determineâ€™™ and â€˜relateâ€™™ (pp.141).

of the research question in this chapter, then the data and first descriptive statistics are presented, and a descriptive convergence analysis is conducted in Chap. 8. In Chap. 9 material productivity convergence is examined, and Chap. 10 discusses the results and proposes further research areas.

Chapter 7 Research Question - Springer

Survey Research: Sampling. â€“ A population is comprised of all individuals of interest â€“ A sample is comprised of individuals that represent the population â€“ Data is collected on samples, not populations â€“ Then, from the data we collect on the sample, we extrapolate results to population. In other words, we generalize our findings to the population.

Chapter 7: Survey Research - University of Houston

This chapter focuses on research designs commonly used when conducting quantitative research studies. The general purpose of quantitative research is to investigate a particular topic or activity through the measurement of variables in quantifiable terms.
