dialectical social theory and its critics | Download eBook

Dialectical Social Theory and Its Critics is more than an exercise in the history of ideas. Its main aim and most significant accomplishment is to establish that dialectical social theory retains practical importance today and is, in fact, crucial to interdisciplinary attempts to construct a viable theory of the social world.

Dialectical Theory. The fundamental assumption of social dialectical theorists is that all relationships—friendships, romantic relationships, family relationships—are interwoven with multiple contradictions. Social dialectics is not a single theory but a family of theories (Montgomery and Baxter 1998).
